

WOMAN FOUND DEAD IN BED.

MRS. F. W. PALMER, OF BROOKLYN, DISCOVERED IN A ROOM OF THE UNITED STATES HOTEL—A CORONER GIVES A PERMIT TO REMOVE THE BODY—DETECTIVES IN THE CASE.

A well-dressed, good-looking woman, with sparkling black eyes and dark hair, was found dead in a room at the United States Hotel last Monday afternoon, and was identified as Mrs. F. W. Palmer, Brooklyn.

The body of the woman was found in the women's parlor. Nothing was seen of her either then or when the man appeared at the clerk's desk and said that he was F. W. Palmer.

The clerk and a porter went upstairs and entered the room through the window. The woman was lying on the bed. Her face, neck, breast and arms were all cold. A cord was seen to be fastened to the bedstead, and a wall for the police were nearly suffocated. A word was sent to the coroner.

Later in the day Palmer, who is a commission merchant, made a second statement to Captain Cortright, of the Old Slip Station. He said that he had married his wife July 17, 1892. Her name was Grimmer.

She had lived at No. 627 Broadway, until about a week ago, when she moved to No. 100 West 11th street.

She had met her at the United States Hotel on Monday, when she explained that she had visited her brother, Mr. J. W. Palmer, at the hotel.

She had made a course of treatment to cure her appetite for liquor.

Deputy Coroner Weston arrived at the hotel about 5 o'clock, and after examining the body declared that death was due to natural causes, and gave a permit for the removal of the body to the morgue.

The detectives are still investigating the case.

WHY?

Why do you forget so often? Why do you speak words that you so often regret? Why do you take up with new acquaintances forgetting old friends?

Why do you not use clear judgment instead of too often acting upon impulse? Why do you persistently neglect your health when it is your duty to take special care of it?

Why do you so careless when a sudden chill, headache, fever, and general disgust with life come over you? Why do you not stop to think that a little timely caution of the right kind will overcome all these troubles and put you in possession of good health and feelings once more?

Why do you not remember that the best physicians, scientists, and the leading people of the land all recommend pure whiskey as the proper thing to take at such times? Why do you not recall the fact that there is only one pure medicinal whiskey known to the world, that it is extremely popular, that it has been in use for twenty years, and that it is Dr. J. C. Ayer's Pure Malt?

Why do you not denounce any druggist, grocer, or dealer who tries to offer you some other or inferior whiskey, saying it is just as good? Why do you not always insist upon having just what you require, just what you desire, and just what you know to be the purest, the best, and most efficient?

Why do you not always insist upon having just what you require, just what you desire, and just what you know to be the purest, the best, and most efficient?
